

## **BSD Product**

### **Professional Waistband Amplifier BA-9701**

#### **Features:**

- (1) Headset microphone with Bending Gooseneck (Φ3.5 Jack)
- (2) Latest Digital Circuit Design for higher output & lower power consumption.
- (3) Up to 30hrs continuous use per charge.
- (4) 2200MA 10.8V Rechargeable batteries prolong life span of main unit.
- (5) Neodymium magnet provides better sound quality.
- (6) Tone Control to suit your requirements.
- (7) Amplifies inputs from MP3, PC, etc
- (8) Power is cut-off automatically when batteries are fully charged.

#### **Specifications :**

- (1) Power Output : RMS 15W
- (2) AF Response : 100Hz-15KHz
- (3) Input Signal : Mic/MP3/CD Player
- (4) Speaker : 3-inch speaker
- (5) Charging Time : 6-8 hrs
- (6) Usage Time : Up to 30hrs per charge
- (7) Battery : 10.8V
- (8) Battery Type: Lithium Rechargeable Batteries
